Dear Customers

Our last catalog generated an incredible amount of interest. We were able to offer some exceptional coins and these pieces, for the most part, sold within days of the publication of the *Update*.

It appears that many of you did not know that our prices are negotiable and that we offer interest free extended purchase plans. Be sure and discuss these services with your Heritage representative. Remember, we sell more coins in a month than most other dealers sell in a year.

As this issue goes to print, interest rates have taken another down turn and gold bullion is rebounding. Look for a vigorous coin market leading into the August A.N.A. Convention.

Cordially,

Charles Clifford

Our Guarantee

All coins purchased from Heritage Rare Coin Galleries are covered by an unconditional 45 day return privilege, one of the longest in the industry.

It is also guaranteed that all coins sold are genuine. As proof of our certainty that no counterfeit or altered coin can escape our attention, it is also guaranteed that we will refund the full Heritage purchase price plus 15% interest per year compounded annually on any non-authentic coin sold through Heritage Rare Coin Galleries. If you request auction for liquidation, Heritage Numismatic Auctions, Inc., after acceptance, will catalog your coins at the same grade which you purchased them.

Each and every coin sold by Heritage Rare Coin Galleries is graded on both the obverse and reverse, according to the standards set forth in the American Numismatic Association Grading Guide. It should be understood, however, that grading is an art and not a science, and that the American Numismatic Association standards, as published, are somewhat vague and subject to interpretation. Because of this, opinions on grading as well as value, can, and often do, differ between experts as well as grading services. The purchaser is therefore encouraged to carefully inspect and evaluate all coins during this 45 day period.
